

"Whatever you do, work at it with all your heart, as working for the Lord, not for men, since you know that you will receive an inheritance from the Lord as a reward. It is the Lord Christ you are serving" - Col 3:23-24

Our Mission Statement:

- To help churches maintain their websites;
- To encourage them to work together as The Body of Christ, and
- To enable them to powerfully communicate Jesus Christ's free gift of Salvation for anyone.

Our Manifesto: (BGEA, 1947)

- We will be accountable, particularly in handling finances with integrity according to the highest business standards;
- We always strive to be thoroughly honest, not least when reporting statistics;
- We will be exemplary in morals – clear, clean and careful to avoid the very appearance of any impropriety

Merry Christmas and Happy New Year to all our Friends!

It's been a great year for **Ecclesiact®** and we sincerely thank all our friends for your continuing support and encouragement throughout. Remember us in your prayers as we strive to help churches work together to benefit the ministry of Jesus Christ.

For breaking news and updates follow our **Twitter feed** at <http://twitter.com/ecclesiact>

New Software Releases:

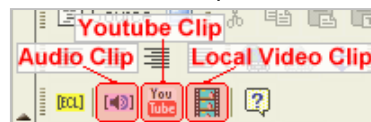

In response to customer suggestions and feature requests, we released **148** new software builds of **Ecclesiact®** in 2010 - that's about one every 2 days.

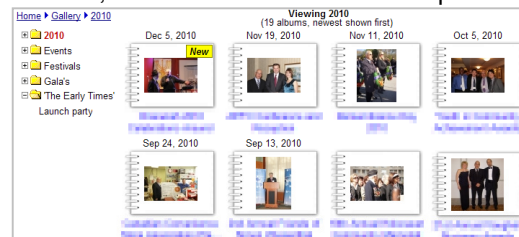

Follow developments at [twitter](http://twitter.com/ecclesiact) or visit <http://ecclesiact.com/version-history>.

New Features:

- Our new **Email Wizard** makes sending personalised email newsletters easy, and tracks when messages are read.
- The **Inline Signin** feature lets you sign in anywhere on a site without missing a beat.
- **Floating control panels** were added for all in-page components to help administrators customise their sites more easily.
- **New tag controls** make it easier to add **Video** and **Youtube** clips:

- An integrated **photo album** was added: Drag and drop new photos, view slide-shows, and control who sees each picture.

- **Navigation buttons** are much enhanced and now support multi-line text and effects.

Community Edition:

We've now launched the **Ecclesiact® Community Edition** system for churches already working together in various ways.

All churches in a community are shown together in a gallery, and on an area map. Visitors can click on any church for their news and events, to listen to sermons, and to access contact details and service times.

A common community area brings all the most important announcements and public events into one place so that anyone can see everything happening in the community in one easy-to-digest listing.

We have two towns trying out this system right now and will be looking to extend further in 2011.
