Ecclesiact®
Web Site System

"Whatever you do, work at it with all your heart, as working for the Lord, not for men, since you know that you will receive an inheritance from the Lord as a reward. It is the Lord Christ you are serving" - **Col 3:23-24**

Our Mission Statement:

- To help churches maintain their websites;
- To encourage them to work together as The Body of Christ, and
- To enable them to powerfully communicate Jesus Christ's free gift of Salvation for anyone.

Our Manifesto: (BGEA, 1947)

- We will be accountable, particularly in handling finances with integrity according to the highest business standards;
- We always strive to be thoroughly honest, not least when reporting statistics;
- We will be exemplary in morals – clear, clean and careful to avoid the very appearance of any impropriety

Our Staff:

- ➤ **Martin Francis** martin@ecclesiact.com
- ➤ **Darren Willson-Rymer** darren@ecclesiact.com

Advisory Board:

We hope you're having a great Summer!

It's turning out to be an exceptional year for **Ecclesiact®** - thank all our friends for your continuing support and encouragement throughout.   Remember us in your prayers as we strive to **help churches work together to further the ministry of Jesus Christ**.

Tell your friends and follow our **Twitter feed** at **http://twitter.com/ecclesiact**

New Software Releases:

In response to customer suggestions and feature requests, we released **201** new software builds of **Ecclesiact®** in the first six months of 2011 alone – a new record!

Year	Builds
2006	95
2007	147
2008	76
2009	91
2010	158
2011*	201

New Features and Improvements:

1. **Multi-language capabilities extended** – All pages, postings and layouts can have parallel content for visitors in multiple languages:

2. **Drag-and-Drop Ordering of Buttons** – this was a big move forwards for us, and not *just* because no other CMS can do it!

3. **Excel export** from all reports now functions better and much faster.   If you applied filters, sorting or specific selections in a report from your browser, all settings are preserved when you click 'Export to Excel' – *suggested by Kim*
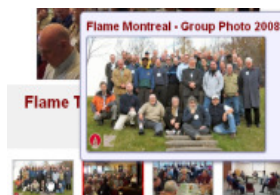

4. **Extra Paging Controls** added to bottom of reports – *suggested by Darlene*

5. **Customisable Twitter Panel** added: see it at **http://www.ecclesiact.com**

6. **Improvements to Paypal Gateway:** now if someone pays for something with Paypal but funds don't clear immediately, the order status updates automatically the moment they do – *requested by Lori*
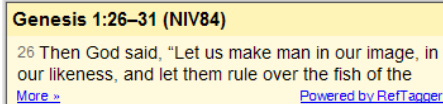

7. **Improvements to Gallery Albums:** floating preview images now appear when you move over a thumbnail – click to see an image in all its glory. We also made it all drag-and-drop sortable – *thanks to Rob for ideas!*

8. **New Sermon Collection Viewer** This automatically groups your sermons by series or speaker, and allows admins to effortlessly drag files straight from PC or Mac into an uploader window– **http://www.dundascalvin.ca/sermons**

9. We added **automatic linking of bible verses** – hover over a ref to see this:

10. **The Piwik Visitor Analysis** system is now included with all sites as standard – just sign in as an administrator and click the 🌐 icon to use it. You can still use **Google Analytics** of course but we think you'll prefer Piwik – and it even works in real time!

And the BEST NEWS?

We just dropped our hosting fees by 25%!

Starting now your monthly email and web bill drops from **$30** to **just $22.50**

We'll also be showing more details about web traffic, space and email in your regular billing so you can see what you're getting for your money.

Blessings on your summer Holidays,

Martin Francis
